Dear Tony,

I wanted to drop you a note of appreciation for the excellent job Clear Communications did on our recent security camera installations. Your crew was barely noticeable while on site and did an outstanding and professional job of wiring our entire facility. The project was performed without interruption to our daily operations and every camera is performing as designed. Your professional input during the design phase was spot on!

Thanks to you and your Company for a job well done. I would gladly recommend your Company to anyone interested in a security camera system installation.

Thanks Again,

  
Tony Procaccio
